▷ **ONLINE REGISTRATION INFORMATION HERE** ◁

This program is designed to teach SIMPLE implant surgery and SIMPLE implant restoration through hands-on training. Midwest Implant Institute has been facilitating implant education for 30 years. Educating dentists and staff about implantology and providing the opportunity to place and restore implants is a major step in providing patients with advanced technological breakthroughs of contemporary dentistry. It is a prerequisite of the comprehensive IMPLANT EXTERN TRAINING PROGRAM.

The Midwest Implant Institute is known for teaching “the basics”:
keeping it simple but effective with the goal of you placing implants on your own patients under supervision.
