▷ 48-64 Estimated HOURS CE CREDIT ◁

COURSE 551

- 9-12 Months
- 24-32 CE HOURS
- Schedule patients to fit your schedule and your convenience (M-F anytime)

LIVE SURGERIES BY MII FACULTY:

Participating doctor and staff assist MII faculty/staff with implant placement in participating doctor's patient

Topics included for Doctor:

- Tissue management
- Use of Surgical Template on their patients
- Treatment planning of their patients
- Bone grafting before, during, and after implant placement
- Selection of implant width, length and type in different bone density
- Suturing technique – guarantee sutures stay tied
- Explanation of anatomy where implant will be placed
- Post-op evaluation of surgical implant placement
- Post-op evaluation of tissue closure
- Sterile technique and surgical operatory set-up by staff
- Patient management
- Proper Surgical assisting by staff members
- Proper instrument selection and use placing implants
- Post-operative pain management for their patient

Requirements:

1. ASSIST WITH AT LEAST ONE MAXILLARY ANTERIOR AND ONE POSTERIOR BONE SPREADING TECHNIQUE PATIENT.
2. ASSIST WITH AT LEAST ONE MANDIBULAR SINGLE IMPLANT.
3. ASSIST WITH ONE FULLY EDENTULOUS MANDIBULAR UTILIZING FOUR SYMPHYSIS IMPLANTS WITH A BAR OVER-DENTURE PATIENT
(Two implants can be placed if patient prefers because of expense)

Upon successful completion:

Attending Doctors will have patients from their private practices that will be ready for implant restorations in four to six (4-6) months

2010 Course fee for COURSE 551 AND COURSE 552 combined - \$13,550*

CONTINUED

COURSE 552- Follows 551 or done in correlation with 551

- 9-12 months
- Estimated CE credit –24-32 credit hours (CE hours depend on patients seen during surgical participation courses.)
- Supervised Surgical Implant Placement Staff earns ADA CERP CE credits

LIVE SURGERIES PERFORMED BY PARTICIPATING DOCTOR WITH HIS/HER STAFF ASSISTING THE PROCEDURE WITH ONE ON ONE SUPERVISION BY MII FACULTY/STAFF

Topics included for Doctor/Staff:

All of the same items included in course 551, except the Extern will place the endosseous implants and perform bone grafting with his/her own staff assistants under close supervision. Externs and staff will be graded during these implant placement and bone grafting procedures.

Requirements:

1. SURGICALLY PLACE AT LEAST ONE MAXILLARY ANTERIOR AND ONE POSTERIOR IMPLANT USING THE BONE SPREADING TECHNIQUE.
2. SURGICALLY PLACE AT LEAST ONE MANDIBULAR SINGLE IMPLANT.
3. SURGICALLY PLACE FOUR IMPLANTS IN SYMPHYSIS FOR BAR OVER-DENTURE PATIENT (Two implants can be placed if patient prefers because of expense)

Upon successful completion:

The attending doctor and staff will be able to confidently place implants and perform simple bone grafting procedures in their own private practice.

2010 Course fee for COURSE 551 AND COURSE 552 combined - \$13,550*

It is necessary to complete course 301 and 302 prior to commencement of the Extern Program.

The 551/552 Extern Program is tailored to fit the combined schedules of participating dentist/staff, patients schedules and MII Faculty.

***2010 Externship Program (551/552) Payment is \$13,550. Contact Vickie for available payment options.**

****The Midwest Implant Institute Externship Program usually involves four to eight visits to Lewis Center, Ohio at your convenience to allow the doctor/staff sufficient experience to become comfortable with placing implants, performing bone grafting procedures, and restoring implants.**

*****STAFF MUST ACCOMPANY DOCTOR DURING EXTERNSHIP PROGRAM: This is a team activity.**
